- Jenifer Bond, *Librarian at Lincoln School & Past-President of RILA. She also served as Associate Director at the Douglas & Judith Krupp Library.*
- Aaron Couto, *Assistant Director of the Cumberland Public Library & President of RILA.*
- Phyllis Humphrey*, Library Media Specialist at the Archie R. Cole Middle School Library & Library of Board of Rhode Island member.*
- Moderator: Brian T. Gallagher*, Chair, LORI RSWG Planning Committee*

2:45pm-3:00pm

Wrap Up

Question Cards

If a question comes to mind prior to this afternoon session – use one of our question cards (on the registration table) and write it down. Don't lose that thought!

If you don't want to stand up and ask your question – please give one of the LORI RSWG committee members your card and we shall be glad to ask on your behalf.

Other questions to consider:

- Is the only benefit of joining a consortium negotiating database costs? Is that true? If so - are the databases your consortium is ordering beneficial to your community?
- Does a consortium need to be built solely on a shared ILS? How to communicate? Why can't vendors develop API's that bring more technology and services to differing ILS's?
- When joining a consortium, what do library directors have to sign off on/agree to?
- Do agreements/contracts specify that the library is obligated to participate in resource sharing per LORI Standards?ILL Code?
- How do such requirements/contracts work in other states?

LORI RSWG Planning Committee

Brian T. Gallagher (URI), Chair
Zach Berger (RILINK)
Chaichin Chen (OLIS)
Cynthia Reed (PCL)
Lisa Underhill (SRC)

The Planning Committee wants to thank the following LORI RSWG members for their help during this program:

Lori Brostuen (RED)
Elizabeth Karageorge (CUM)
Jana Stevenson (WAR)
Carol Wiseman (PCO)
